

Braxton Woman Facing Drug Charges in Mon County

A Braxton County woman has been charged in Monongalia County after officers found illegal drugs on her person after they responded to a shoplifting call at their local WalMart.

On Januray 29, officers with the Granville Police Department were dispatched to Walmart on University Town Center drive in Monongalia County to investigate a shoplifting complaint.

According to the criminal complaint, upon arrival, officers met with Kara Martines, 27, of Exchange, in the Walmart Loss Prevention Office. Store employees claimed

Kara Martines

that Martines had “put on unpaid clothing merchandise,” and then “passed the last point of sale wearing that clothing.” The merchandise had a total value of \$22.76.

Officers performed a

probable cause search of Martines’ person and belongings in order to locate “further unpaid merchandise.” During that search they discovered a lock box with multiple containers of a white powdery substance, which tested positive as fentanyl. The illegal drug weighing more than 6 grams, according to the complaint.

Martines has been charged with unlawful possession of fentanyl. She was arraigned in Monongalia Magistrate Court. She is being held in North Central Regional Jail on a \$25,000 bond awaiting further court proceedings.

Braxton Native Selected SJMH’s Employee of the Month

Respiratory therapist Stephanie Smyth has been named the January 2022 ICARE Employee of the Month for Mon Health Stonewall Jackson Memorial Hospital (SJMH), in Weston.

Stephanie has been at SJMH since November 2009 after graduating from West Virginia Tech with an Associates of Science degree in Respiratory Therapy.

Stephanie is pleased with the honor and said, “I have truly enjoyed my work here at Stonewall because of my wonderful co-workers. Though this year has been extremely challenging for respiratory therapists, we have worked together to provide the best care for our patients and that makes the job satisfying.”

A nomination for the monthly Employee of the Month honor is based on the ICARE acronym of Integrity, Commitment, Accountability, Respect, and

Excellence. Stephanie’s nominator cited these qualities for her nomination.

Her nominator wrote, “Stephanie is an amazing person inside and out. She is always helpful to anyone and will do anything you ever ask her to do. She is always supporting patients and wanting to do what is best for them. She is compassionate and considerate. Stephanie takes care of her patients in multiple ways and likes to educate them about being vaccinated. She always encourages them to

get better. She always has a smile on her face when she comes into our unit. She has two children and a husband who are her whole world and she is the best mom to them all.”

Stephanie and her husband, Adam, have two children – a daughter, Haygen, 10, and son Jackson, 8. The couple lives in Sutton with their Schnauzer, Sophie; Joey, the Goldendoodle; and Heathcliff, the Persian cat. Her parents are Suzanne and Mark Wine of Lewis County. She graduated from Braxton County High School.

Stephanie also related that her life revolves around her husband and children. When she has her days off, she is spending time with them.

She was philosophical about her life and said, “I now live my life to enjoy the moment because you do not know the future. I want to make great memories with my family.”

Board of Ed hears from Burnsville, Little Birch Schools

The Braxton County Board of Education held their most recent meeting on February 1. The meeting was called to order by Board President DeAnna Whipkey at 6:00 pm.

Two of the county’s elementary school, Burnsville and Little Birch, completed their LSIC (Local School Improvement Council) presentations. Both schools identified improving attendance, reading scores, and math scores as critical needs for the schools. The schools have a goal of having

90% of the students in the classroom 90% of the time. Both also have implemented after school tutoring to work on improving reading and math scores.

Burnsville Principal Teresa Childers and fourth grade teacher Jessica Vandernick spoke on behalf of their school. At BES, the attendance as of January 2022 is up to 90.41% with 35.71% chronically absent, which is defined as two or more days per month. Reading and math goals include getting the number of stu-

dents to 50% on grade level measured by the iReady Benchmarks. At Burnsville, reading proficiency is up to 26% from 14% at the beginning of the school year. In math, the scores have increased from 3% to 19%. Burnsville’s mission statement is to create lifelong learners. The staff wants students to become self-motivated in gaining knowledge.

For Little Birch Elementary, Principal Grace Wines and fourth grade teacher Nikki Harper spoke to the board. Their

Selected postcard artwork will be used by the Department of Tourism to personally invite travelers to Almost Heaven, West Virginia.

An exhibition of the winning pieces and other selected entries is now on display outside the Governor’s Office at the State Capitol in Charleston. The exhibition features 275 entries from students in 12 Park & Preserve – mean counties.

Little Birch Elementary announces top spellers

In preparation for the Braxton County Spelling Bee, students in 2nd through 5th grades at Little Birch Elementary School participated in a school-wide spelling bee recently.

Top spellers in Mrs. Montgomery’s 2nd/3rd grade class included Layla King who captured 1st Place and Allison Marks who came in 2nd Place. Gabe McCourt rounded out the winners with a 3rd Place finish

Top spellers in Miss Harper’s 4th grade class included Marionna George who took 1st Place. Aiden Dorsey followed with a 2nd Place award. Paxton Schrader will serve as the alternate in this age group for the county competition.

Top spellers in Mrs. Berry’s 5th grade class included Cole Salisbury who took 1st Place and Maddison Marks who finished in 2nd Place. Colton Putnam will be the alternate.

Fourth and fifth grade students advanced to the Braxton County Spelling Bee held at the Days Inn & Suites last weekend. Watch Braxton County Newspapers next week for a complete list and photographs of county winners.

LB Top Spellers for 2nd/3rd grade included Layla King - 1st Place, Allison Marks - 2nd Place, and Gabe McCourt - 3rd Place.

4th grade winners were Marionna George - 1st Place, Aiden Dorsey - 2nd Place. Paxton Schrader will serve as the alternate.

Cole Salisbury - 1st Place, Maddison Marks - 2nd Place, and Colton Putnam as the alternate represent the 5th grade.

towards by the end of the school year. At Little Birch, only 17.5% of the students are considered chronically absent.

Both schools discussed community and parent involvement. The schools thanked the community businesses that provide financial support and supplies as well as gifts and prizes for students.

Evelyn Post thanked Principal Wines for her public relations work in getting information out in the newspapers so students could be recognized

outside of the school. She noted a lot of grandparents are not on the computer and that gives them the chance to see what is going on at Little Birch.

Board member Dr. Martha Dean commented on the students surpassing goals at Little Birch and implementing new goals to work towards is commendable.

By Delegate Brent Boggs
Last Friday, January 28, marked the seventeenth day of the 2022 Legislative session. To date, 1,551 bills have been introduced - the House has introduced 1,046 bills; in the Senate, 505 bills have been introduced. Thirty-five bills have passed the Senate; 24 bills have passed the House. Two bills have passed both houses and await action by the Governor.

I'll pass on commenting on the State of the State Address for now. The conclusion was not one of West Virginia's finer moments.

On an important note to constituents contacting my office in recent days - due to staff turnover and realignment in our office, I have new workers assisting with calls, messages, research, and correspondence. In the interim, they are getting acclimated to new responsibilities and I'm looking forward to working with each of them to streamline the workload as the session progresses. In the meantime, we will work to minimize any delays in responding to your requests.

Among the bills that have passed the House as of January 28 and head to the Senate:

- House Bill 4252 reduces the copay cap on insulin from \$100 to \$35. It also caps the copay for devices at \$100. The copay for insulin pumps is capped at \$200 and a new pump can be covered every 2 years. The bill states prescriptions are not required for tests. The bill advances to the Senate after a 94-3 passage.
- House Bill 4276 creates a Parkinson's disease registry through WVU. Patients have the option to opt out of the registry in writing. Patients cannot be forced to participate. WVU must code a system to protect confidential information. Information in this database cannot be subpoenaed.
- House Bill 4074, Meghan's Law, requires the state board of education to establish training requirements for public school employees on students' self-harm behaviors and eating disorders.

The bill requires yearly education of middle and high school students regarding self-harm behavior, eating disorder signs, prevention, and treatment.

- House Bill 2184 increases the criminal penalties for intentionally exposing a government representative including EMS personnel to fentanyl or any other harmful drug or chemical agent. The bill sets guidelines for misdemeanor exposure and felony exposure. A misdemeanor exposure is intentionally possessing and exposing a government representative. A misdemeanor conviction carries a fine of no more than \$500 or confinement to jail for one month to one year. A felony exposure is intentionally possessing and exposing a government representative to fentanyl or other harmful drug or chemical agent in which the representative is physically harmed by such drug or agent. A felony conviction carries a fine of no more than \$2,000 and/or imprisonment in a state correctional facility for two to five years.

House Resolutions (HR) are geared toward internal issues or rules changes in the House of Delegates. They can often be contentious on a partisan basis, generating a substantial amount of debate across the aisle. However, last week, an important component of a former House rule was partially reinstated and done so on a bipartisan basis. HR 9, as amended and adopted, moves remarks by members back to the House Order of Business.

The resolution allows remarks by members to be on Wednesday each week for an unlimited amount of time. Prior to the pandemic and since anyone can recall, remarks by members were an opportunity to call attention to items, bills, issues, etc., by members addressing the full House of Delegates. Over the last twenty-six years, I've used it on multiple occasions to apply pressure on state agencies. The ability to call out the former cabinet secretary of DOT and DOH led to getting the Governor involved in breaking the

ogjam that had the Burnsville Dollar General Store held up over a small parcel of state-owned property. That's the power of using remarks by members as a strategic tool for getting things done when the time is right.

I argued two years ago that it was a mistake to take away an important method to further call attention to the needs and problems of our constituents, get an important bill moving, recognize individuals and accomplishments, or help kill a bad bill. Previously, this was a standing order of business each daily, until leadership determined they wanted to remove remarks by members and move it to a meaningless after-adjourment 5 pm time slot once a week, limiting members to only five minutes. While it should have been restored to the former status of a daily opportunity to take the floor for the aforementioned purposes, it's now only going to occur on Wednesdays, but it will be during the floor session and the time limit for each member is unlimited. I hope future legislatures will see fit to restore remarks by members to its former effectiveness by providing the opportunity daily. It's the right thing to do.

The long, grueling budget hearing process in the House Finance Committee has now wrapped up, with bills being readied by the committee for consideration. By rule, all bills that have fiscal implications must either be referenced or second-referenced to the Finance Committee.

Generally, the majority of bills are referenced to a major committee. While there are technically five major committees in the House – Finance, Judiciary, Government Organization, Health & Human Resources, and Education – the bulk of bills find their final path to the floor or die in either Finance or Judiciary. That's why I've made it a priority to serve you as a member of the Finance Committee throughout the years.

Finally, a sad note on the passing of my friend, Roy Huffman. Roy was a retired State Farm Insurance agent, Veteran, former member of the Braxton County Commission, member of the Board of Directors of WVU Medicine - Braxton Memorial Hospital, Huffman Bookkeeping, and many other charitable and business ventures. In addition to being a notable businessman and Mason, Roy and his wife, Barbara, have been avid Marshall University supporters and mentors to numerous students through college scholarships. Roy was a friend to countless citizens through the years across central West Virginia and beyond. Jean and I send our sincere condolences to Barbara, Tim, Jim, Vicky, and the entire Huffman family.

Now that the session is underway, please contact me at the Capitol office at: Building 1, Room 258-M, 1900 Kanawha Blvd., East, Charleston, WV 25305. The phone number is 304-340-3142. For those with Internet access, my legislative email address is: Brent.Boggs@WVHouse.gov

Remember to thank a Veteran every day for their service and remember our troops - at home and abroad - and keep them and their families in your thoughts and prayers throughout the New Year. Until next week, take care.

about the timing of the summative assessment and the benchmark testing and if it would match up to the growth goals. Director Linda Sears stated the summative assessment will be the first week of May and the benchmark testing will be afterwards. She noted that typically the iReady testing does not match up to the summative assessment. She went on and commended Principal Wines at Little Birch as a first year principal. She felt there would be a large jump in testing scores in both summative assessment and the benchmark testing.

Superintendent Kathy Hypes discussed the recent county Spelling Bee. She recognized winners in fourth thru eighth grades. For fourth grade first place went to Leah Rader, Davis and second place was Emma Liston, Sutton. The fifth grade winner was Quinn Lemon, Flatwoods and second place was Ira Ransbottom, Sutton. For sixth grade, Natalie Garrett placed first and Liam Harman was second. In the seventh grade, first place went to Bern Davis and second

place went to Savannah Singleton. The eight grade winner was James Johnson and second place was Joel Sigman. For the county, Joel Sigman placed first, James Johnson was second, and Savannah Singleton was third.

Superintendent Hypes provided an update on covid guidance since things have changed again since the last meeting. She noted the "test to stay" plan will no longer be needed. The state issued the guidance that if a county has a universal masking policy, contract tracing will no longer be in effect.

The school screening program previous discussed will still be put in place to allow for the "test to play" program. Testing kits will be coming in and nurses will be trained in the administration of the testing. Dr. Seal asked what test will be accepted. Superintendent Hypes stated that the tests performed by the schools, rapid tests, or home tests will all be accepted to allow students to participate in extra-curricular activities.

She ended her update discussing the upcoming "Portrait of a Graduate" program on February 8 at 6:00 pm at Flatwoods Com-

munity Building. "Portrait of a Graduate" is a new program for working collaboratively with the school system and the community in building the educational system to prepare students to become lifelong learners and contributing members of society.

The board approved the following consent agenda items: approval of January 18 meeting minutes; transportation requests; payment of bills; budget transfers and supplements; and treasurer's report. Evelyn Post questioned the purchase of a smart TV. She was informed the TV was for the CTE Tech room at the middle school and was purchased out of CTE funds. Post went on to ask about the transfer of \$5000 to BCMS and \$10,000 to BCHS athletic programs. Superintendent Hypes stated those transfers were for supplies and the armory rental for the high school basketball game. Post asked if new wrestling mats were included in those funds. Superintendent Hypes stated it was not but she had a meeting scheduled with Finance Director Ginger Altizer and BCHS wrestling coach Sterling Beane for the following day to discuss the purchase of new mats.

A bag of groceries

By: Joseph J. Mazzella
“Five carts deep again,” I groaned. I was back at the grocery store again trying to pick up another week’s worth of groceries for me and my family. The big store seemed even more crowded than usual that day. When I’d finally gotten everything on my list and was ready to check out I saw the lines at the cashiers were 5 deep again. The store had cut back on cashiers more and more lately. Most of their employees were working as personal shoppers now for people placing orders and picking them up. I didn’t mind that so much but I did wish they had kept more people working the check-out lines instead of forcing most shoppers to use the self check-out area. It saved them money but added to the stress of shopping in the store.
Most of the people in the lines were older so I decided to not add to their wait and instead check myself out again. I pushed my cart over to the self check-out section. There was even a wait here too but I saw one person was almost done. A lady had her full bags laid out on the metal table to the side of the machine. She tried to put them all in her cart quickly and apologized

for making me wait. I said not to hurry and it wasn’t her fault it was so crowded. As she pushed her cart away, however, I noticed she had left one bag of groceries behind. I quickly grabbed it and chased after her. When I caught up she said, “Thank you so much! God bless you!” I smiled and said, “You’re welcome.”
As I walked back to my cart, though, something was different. I felt blessed and I no longer was stressed. Her words had brought a peace to my heart and a smile to my face. In exchanging a simple act of kindness for a blessing, I had come closer to God and to my own humanity.
This modern society seems designed to isolate us and pull us apart. It puts profits over people. It worships money instead of God. But God in His Love, Wisdom, and Power uses a million moments to bring us back together. He uses blessings and acts of kindness to heal our hearts and touch our souls. He weaves a Tapestry of Love that connects us all in ways that we can’t comprehend. He even uses a lost bag of groceries to bring joy to two people. May you take your place in His Tapestry then. May your life be full of love, kindness, and blessings always.

Three Knights wrestlers place in the WSAZ tournament

By Shirley Shuman

Three BCMS wrestlers placed in the highly competitive WSAZ wrestling tournament last Friday and Saturday. Eliah Moore was the highest placing Knight as he finished second at 190 lbs. Paxton Smith placed third at 123, and Dylan Foster seventh at 135. As a team of only seven wrestlers, the Knights finished seventeenth.

Braxton coach Tyler Morlan expressed his appreciation for the hard work his team did. "I am so very proud of our boys and the way they fought this weekend," he said. "The WSAZ is unlike any other tournament in the state. It is a two-day marathon with round after round of competitions getting tougher and tougher."

The WSAZ tournament is the largest tournament in the state. This year it

Dylan Foster, Eliah Moore, and Paxton Smith placed in the WSAZ wrestling tournament. featured 90 middle school a wrestler loses in the round of 64, he is automatically eliminated from the tournament.

Knights win three of four games played last week

By Shirley Shuman

After losing to Buckhannon Upshur to begin last week, the Knights came up with three wins. They scored wins against Gilmer, Clay, and Spencer.

In the 39-27 loss to Buckhannon Upshur, the Knights, Coach Randall Brown explained, "got behind early and were unable to close the deficit." The coach explained that the BUMS controlled the game from the opening tip. "We didn't shoot the ball well from the floor, turned the ball over numerous times on silly mistakes, and our defense was picked apart by Buckhannon Upshur,"

With Owen Lowther's 11 points leading the way, Braxton was able to outscore Buckhannon in the second half, but their deficit was too broad to close in on. Coach Brown noted, too, "Our defense is definitely the key to our success this season, and on this night we played dormant for way too long. I do feel that we were the better team, but we did not play up to our capabilities on this night."

Looking at the Knights' 66-22 win over Gilmer the following night, Coach

BCMS Knights: Austin Smarr, Jesiah Lennox, Carter Lewis, Stevie Boggs, Aidan Crockett, Owen Lowther, Jamie Nettles, Ashton Lunceford, Brodi Smarr.

Brown said his team "played an amazing game this night. Our defense really stepped up and we played to our full potential." He noted that Braxton "dominated Gilmer in rebounding and were able to pick their defense apart." The key to Braxton's win, Coach Brown said, "was definitely [the team's] defense." He explained that his players "swarmed the ball and were able to force numerous turnovers."

Lowther, with 20 points, and Stevie Boggs with 12 points, led Braxton's scoring against Gilmer. Ten different Braxton players scored in that game.

Playing at Clay the next night, Braxton scored a 30-25 win. Brady Toler led the Knights with 13 points, while Boggs pulled down 21 rebounds and Jamie Nettles 12. Coach Brown called the Braxton-Clay contest "a phenomenal game played by both teams." He con-

tinued to say that his Knights "were able to jump out early in the first, but Clay marched right back in the game." After some adjustments at halftime, Braxton held Clay scoreless in the third quarter. "This game was an absolute physical and mental battle for the Knights, but as usual our rebounding and defense prevailed and we pulled out a victory on the road," the coach noted.

In a 53-26 win over Spencer, Braxton had three players in double figures. Toler led with 17 points, Lowther scored 16, and Nettles added 10. Coach Brown commented that his team "may have played their best game of the season on this night." He went on to say the Knights pressured Spencer from the opening tip. "The defense they played in this game was absolutely stellar, and crashing the boards really gave us an advantage. I cannot express how proud I am of these men. Four games in four nights wore us down, but we left everything on the court that night."

Jamie Nettles scored five points for the Knights in the game against Gilmer.

Stevie Boggs shoots for two points for the Knights.

Knights' scoring in last week's games:				
Player	Buckhannon Upshur	Gilmer	Clay	Spencer
Owen Lowther	11	20	5	16
Stevie Boggs	5	12	7	9
Brady Toler	3	8	13	17
Carter Lewis	4	6	2	0
Jamie Nettles	4	5	3	10
Ashton Stewart	0	5	0	0
Braden Godfrey	0	4	0	0
Ashton Lunceford	2	0	0	0
Brodi Smarr	0	2	0	0
Jessiah Lemon	0	2	0	1

Lady Knights go 0-2 on the week

BCMS Lady Knights: Bailey Pritt, Kendall Key, Lila Fitzwater, Lauren Pritt, Raegan Brown.

By Shirley Shuman

The middle school girls lost both games they played last week by narrow margins. On Mon-

day, Buckhannon Upshur edged the Lady Knights 30-29, and Gilmer beat Braxton 35-33 the following night.

With 19 points, Bailey Pritt led Braxton's scoring in the Buckhannon-Upshur game. Lauren Pritt added 5. Coach Matt Pritt explained that the loss was caused by missing easy shots, committing silly fouls, and being outrebounded.

In the game against Gilmer, Braxton was down 23-17 at halftime. The Lady Knights outscored Gilmer 16-12 in the second half. Coach Pritt explained that Gilmer "had a size advantage which caused us to be outrebounded and foul trouble hurt us." He did emphasize that he was "overall proud of the team."

Bailey Pritt once again led Braxton's scoring, this time with 17 points. Lauren Pritt scored 9 points, and Lila Fitzwater 4.

Kendal Key scans the court looking to make her next move on the play.

Lauren Pritt takes a shot for the Lady Knights.

Lila Fitzwater works to keep the ball in Lady Knights possession.

Raegan Brown brings the ball in setting up the play.

Smith and Moore reach 100 wins in their middle school careers

By Shirley Shuman

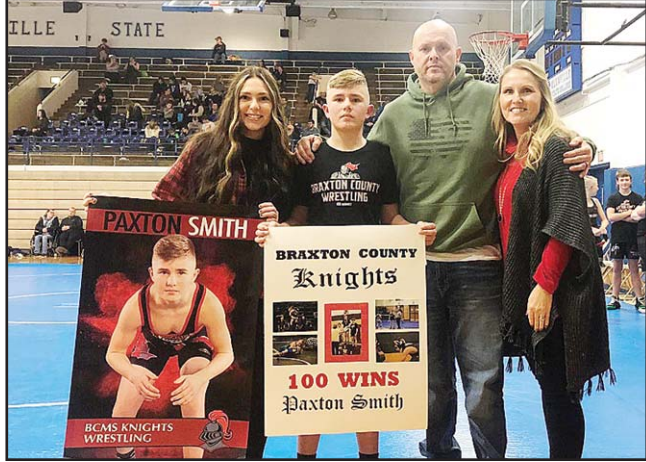

Last Wednesday night two BCMS wrestlers each acquired 100 wins during their middle school wrestling. Coach Tyler Morlan commented that Paxton Smith and Eliah Moore both accomplished this milestone to become the seventh and eighth wrestlers in the middle school's history to reach 100 wins in three years. Morlan, complimenting his wrestlers, said, "This is a major accomplishment for any young wrestler but the fact that both of them were able to do this with our shortened season last year is amazing."

Smith said that he started wrestling when he was five years old but never imagined that he could reach this goal. "A lot of work and time have been put into my success. Not just my time but coaches, my parents and family, and mentors all across the state," he said. Smith added, "I look forward to wrestling as a Braxton County Eagle."

Asked why he likes wrestling, Smith said, "I love the intensity of it. Wrestling is one on one. You're the only one responsible for what happens good or bad. So you have to learn as much as you can to make sure it's

Eliah Moore marked his 100th wrestling win as last week's event. His parents and brother were on hand to cheer him on.

Paxton Smith received a special award marking his 100th victory. His parents and sister were on hand to share in the excitement.

good."

Moore has been wrestling since he was four. "I enjoy wrestling," he said, "because it is one of the things I've always done. I like the thrill of winning, of achieving something."

This young wrestler, discussing reaching the 100-win mark, said, "I'm very excited about it. It

just kind of happened. I knew I was close to 100 wins but didn't really think about it going into that match."

Moore said he's glad for the help coaches have given him to improve his wrestling. He added, "I appreciate the support I get from my family and the Lord."

Pat's Chats

By Pat Ridpath

I have told most of you that I live with my daughter, Cheryl “Robin” Bucklew. She moved here when she retired from her government job in Kansas City, Missouri several years ago. Some of you have told me that you never met her. I decided to introduce her to you in my Chat. I am including a picture of her with me at Christmas a couple of years ago. She does most of the cooking around here. She makes sure we have fruit of various kinds and vegetables, especially greens and broccoli. We usually eat our fruit with breakfast and our vegetables with our evening meal. She likes to try new recipes. I cook mostly beans and cornbread, egg gravy and biscuits, grits, (especially yellow grits or polenta - (frying any leftover regular or yellow grits), sliced red potatoes (from a wonderful invention, the mandarin slicer). I use a little olive oil when I fry eggs or anything. You can see why I have gained weight since she moved in, but it is not her fault if I eat too much. She collects recipes from everywhere and tries them. Yesterday she made vegetarian cabbage rolls but the cabbage was sliced and cooked in with the other ingredients which included plant-based sausage, and it was delicious. I have been mostly vegetarian most of my adult life,

but as I told you once before, I have become what I call a flexitarian. I will eat what the Bible designates as “clean” meat, but if I have a choice, I usually choose the vegetarian alternative. Tomorrow on my birthday, I asked that we NOT go out to eat but rather that they bring me a plant-based burger from somewhere and bring whatever they (Sheri Lyn Sapp and Robin) want. Mary Ann, my only sibling since we lost our wonderful brothers within days of each other last year, and her helper will have a choice of burgers. Mary Ann never eats any meat, so she will be fine with the plant-based alternative. Robin is a wonderful “secretary” and has taken over my Christmas card list and does 99% of our shopping for whatever. It frightened her a bit when I got two problems with my legs, first with a bum knee that was horribly painful, but it has improved with taking it easy and using Ibuprofen - a lot of it - at first. Then when that was getting well, I fell on my right hip and had lots of pain with that (no fracture, just arthritis added to the damage from the fall). It is nearly normal now, though I walk like an old woman sometimes (even though I will be only 88 tomorrow). I have not gotten back to our daily walks, though Robin continued them without me. When the

ice is gone, I think I can walk again regularly. I have spent my last few hours of being 87 writing this Chat. I don’t feel a day older than 87, though I don’t know how I will feel when I start back on our daily walk. I am so grateful to God to be able to do most things I have always done and for all the blessings of my loving children, my wonderful grandchildren and great-grandchildren. I want to thank all of you who pray for the folks I post on Facebook who need prayer. I appreciate each one of you. We have seen miracles happen. I got a call from Shirley Shires who is sister to my late classmate, Eloise Williams. Eloise’s husband, Curtis Everette, died the other evening at age 94. He had no problems, just died peacefully in his sleep. There are a few of us graduates of 1951 from Burnsville High School who are alive and in various stages of health. We hope that danger from Covid variant, etc., will not again prevent the High School reunion another year. We wish we could get together one more time. I hear from classmates Helen Phillips Conley (she is cousin to Eloise and just as pretty), Kenneth Pulliam and his wife Betty Graff Pulliam, Carl Sizemore, Homer Heater, Buncy Bosley Marple, Peggy Skinner Morris, and at

Town of Sutton open meeting

The Sutton Town council invites anyone interested to attend an open meeting to discuss the funds that were given to the town of Sutton, approximately \$250,000, from the American Res-

cue Plan. If you have any suggestions for how this money should be spent to benefit the town of Sutton please attend the regular town council meeting Thursday, February 10th 6:00pm.

first I heard from Clifford Strader, and I am not sure if Vonda Taylor Douglas, Hazel Brown Hawkins, Iva Lou Love Eubanks, Dorothy McCauley Hartman are living. My memory is not what it used to be, so I am fairly sure that Iva Lou died. If any of you can update me on these, or perhaps someone I have missed, just email me at patschat.ridpath41@gmail.com. God blessed our class with many good people, many good friends whom we have lost, and I pray He will bless the rest of us with a peaceful contentment for the rest of our days on earth. I thoroughly believe that our Old Earth will soon be greeted by the Promised Saviour who said, “If I go, I WILL come again,” and promised that He is preparing a place for us and He will come again and receive all of His people living or dead and take us to Heaven for a while before He comes to cleanse the earth and make it better than the original Garden of Eden. Then He will bring us back to live in the mansions He has prepared for all of us and we will then go out and build country homes and live in a world where there will be no plagues, no war, no killing, no evil. I can’t wait. You have a part in it too, if you believe that Jesus died to pay for your sins. That is the reunion we must be a part of, people.

Larry Knight and the kitty he trapped in February 1980.

A nice kitty

By Larry Knight

My picture says February 1980. This would be in the top 5 in size of all the kittys that I collected during my career. I am not sure that it may have been my biggest tomcat I did not get to weigh it. I do know that it was well below #5 in weight. Tom as you can see had a pretty belly even though there was mud on the fur. I tracked it into a warm hole then trapped it.

This picture was taken inside the maintenance compound at Burnsville Lake. Hugh Webb was the maintenance leader at Burnsville Lake an angel of a guy. I was an employee at the lake but during January and February the maintenance crew was mostly on unemployment. A rest period of a couple of months was ok with everyone. A couple of us trapped animals as the fur brought a good price at that time.

Hugh says if you catch a nice cat bring it and show it to me. On this day I had just got to the maintenance compound in time, Hugh would soon be going home to Richwood for 4 days. He worked the 10-4 shift and was scheduled off that

weekend. The good news was Hugh got to see the kitty. My he says that is the biggest tom I believe I ever saw and I live in Richwood where there are big cats. I have lived in the Richwood area all my life.

I talked Hugh into taking a couple of pictures of tom and me. I ask and Hugh says sure I will do that for you, you were good enough to bring tom in so I could see him. From then on Hugh would tell people about the big tomcat that I had caught. Some poor souls thought he was talking about a housecat. Hugh would say no this tom could eat the biggest housecat that I ever saw. Larry’s tomcat was the biggest tomcat that I ever saw in the wild.

Cat trapping became my favorite kind of trapping, I even pretty much quit fox trapping. The cats were more of a challenge.

There was back a few years ago a mail carrier in the Wildcat area that chased cats with dogs. I had an invite to come go on a hunt sometime with him. I know that would have been a fun trip but it never worked out for me.
